Outcome of the activity

This meet has brought all IIC inside the southern region on to a single platform. It has given a chance to exchange ideas and thoughts between IICs which would help in reforming one's activities. As a part of this meet's agenda, IIC poster display and innovation stalls had given a chance to individual IICs to display their best practices which resulted in dissemination of those practices. This helped the new IICs to adopt those activities that can improve their performance. The networking tea was the highlight which gave IICs to build new relationships and synergize the benefits. Post lunch, the track based sessions helped the new IICs to witness the performance of the best performing IICs' achievements and got motivated and inspired for their self-improvement.
