Dear Sir/Madam,

Sub: Project work for students – requesting of.

Kongu Engineering College is one of the most reputed Engineering institutions in Tamilnadu and is known for its excellent record in academics and co-curricular activities. The college offers 14 Bachelor Programmes and 19 Master Programmes and 16 Research Programmes. The state of the art facilities and competent faculty provide an excellent climate for the all round development of the students.

As a part of the curriculum, the final year BE students are required to take up project work in an industry / service sector. We feel it will be fruitful that the students with academic background undergo an project work in an industry to strengthen their knowledge and skills.

In the above background, we would like to send the following final year BE- Electronics And Instrumentation Engineering students of our college to undergo project work in your esteemed organization.
